No. 8 Bomb

Message From C.O. of No. 8 As Station Writes "Finis"

—R.C.A.F. Photo; Lethbridge Herald Engraving.
SQDN. LDR. R. V. HENDERSON,
Commanding Officer.

NO. 8 Bombing and Gunnery School is closing, and as Commanding Officer I could not let this occasion pass without extending on behalf of all officers, airmen and airwomen who have served on this Station, our most sincere thanks for the generous welcome extended the personnel arriving on this unit. We have all joined in the business of living and working here, and in no small degree have shared in the pleasures of life in your community, which truly deserves the title "The Welcome City".

In three years of operation No. 8 Bombing and Gunnery School has made a fine name for itself—a name that will forever be remembered when peace comes again to the world and the Commonwealth Air Training Plan is mentioned.

There will be many pleasant memories of the association...

School. The friendships which have been made will be lifelong. The "good neighbor" policy, which has created such a happy relationship between townspeople and Air Force personnel, is testimony in itself of the splendid spirit of the citizens of Lethbridge. It is with reluctance that we say farewell.

To those who have been fortunate enough to live in your city, it has been home. To those who have been quartered on the Station, the hospitality of your homes and the comforts supplied to the station by individuals and organizations, have made our stay here a most enjoyable one. In no small way you have contributed to the high standard of morale and to the efficient operation of this training unit.

Again I say **THANK YOU!**

R. V. HENDERSON,
(Squadron Leader) Commanding Officer
